## RITCHIE CLAIMS HE WAS HANDED PACKAGE

Chip and Petroskey Getting in Good Form for Their 20-Round Go at San Francisco Saturday.

## PENDLETON GAY BECAUSE BUCKS WON THE PENNANT

Venice on Top of Coast League Ladder—White Goes Into Training for His Bout With Azevedo.

San Francisco, July 27.—Willie Ritchie, former world's lightweight champion, is still fretting over Referee Corri's decision in his 20-round bout in London with Freddie Welsh. Writing to a San Francisco friend, before he sailed for Germany on the Vaterland for New York, Ritchie said:

"I do not like to howl, but I sorely wish I had a prize package in London, although Corri was hardly to be blamed. I chased Welsh all over the ring in the last three rounds and all he did was to run and hold and dodge. After the last round ended the Welsh crowd jumped into the ring and grabbed Welsh. Corri walked away from us to the side of the ring and afterward I saw him point to Welsh. I was dumbfounded, and after I had left the ring my seconds had to inquire of Corri as to the winner. Welsh was 7 to 4 favorite, but it seemed only a question if he would last the 20 rounds.

"The moving pictures of the contest are good and I would like to see them shown in America as that would prove that I am right. Welsh is absolutely no card in England, and I would like to have another match with him at home. We only drew \$21,000, as compared with the \$25,000 gate for the Bombardier Wells-Colein Bout here. I am mighty glad that I insisted upon my \$25,000 guarantee being posted in New York before I left for England."

Ritchie is due in New York day after tomorrow.

Both in Good Form.

San Francisco, July 27.—Both George Chip and Sailor Petroskey, middleweights, were rapidly rounding into form today for their scheduled 20-round bout here Friday night. All indications pointed to Chip entering the ring a 2 to 1 favorite. Petroskey was not worried by the odds. He said people who based their judgment on his bout in Los Angeles with Chip would be surprised.

Chip will have no trouble in making the weight, 160 pounds, at 3 o'clock in the afternoon.

Toby Irwin probably will referee.

Won Tri-State Championship.

Pendleton, Ore., July 27.—The fans are celebrating today the winning of the pennant in the Western Tri-State league by the Pendleton Bucks. Walla Walla finished in second place, 63 points behind the leaders. Baker was third and North Yakima fourth and last. Each team played 96 games during the 16 weeks' season.

Venice Is On Top.

Los Angeles, Cal., July 27.—By the aid of a flexible interpretation of the suspension rule, Nap Hogan has his Venice club at the top of the Coast league ladder today. The Tigers will leave for Sacramento tonight with a half game lead over the Angels, gained at the expense of the Oaks, whom they defeated in five out of eight games.

Handicapped by injury among his players, Hogan refused to worry and industriously suspended men after man to let others on the payroll, which, therefore, did not exceed the legal limit of 20 names. Frequently men suspended one day were reinstated the next, when they were needed, while some teams replaced them on the suspended list for the time being Manager Christian of the Oaks was highly incensed by this procedure and promised to protest to President Baum.

Catcher Bliss and Pitcher Smith were to be left behind tonight, suspended, to make room for Pitcher Koestner and Catcher McLean, a busher.

Hogan's pitchers worked well all week. Harkness proved that he has returned to form by another victory. Kieffer, star of the hurling brigade, sustained the worst Venice beating of the week.

White Is Training.

San Francisco, July 27.—Charlie

White of Chicago announced today that he had engaged Willie Hoppe and Dick Kendall, local lightweights, as sparring partners while he is training for his 20-round bout here August 7 with Joe Azevedo of Sacramento.

White entertained a big Sunday crowd at his training camp. He boxed four rounds and made a good impression.

Azevedo also kept open house in Oakland, but did no boxing.

## WESTERN AMATEUR GOLF.

Grand Rapids, Mich., July 27.—The Western Amateur Golf championship tournament opened on the Kent country club course here today with an eliminating round of 18 holes. The lowest 64 scores will qualify to continue on the following day when 18 holes more will be played. The lowest 32 scores in this event will qualify for the first match which will be played the same afternoon. The second and third matches, the semi-finals and finals will be played at 30 holes on succeeding days. The winner will receive a gold medal and his club will be awarded possession of the George B. Thorne trophy for one year.

## FLYING BOAT PROVES A PHENOMENAL SUCCESS

Panama, N. Y., July 25.—"America," the Rodman Wanamaker flying boat, was flown by Glenn H. Curtiss tonight from Lake Keokuk with a load of more than 2700 pounds. This is nearly 100 pounds more than the estimated load required for the flight over New England to the Azores Islands, and is said to be 450 pounds in excess of the world's record load carried by the giant Russian biplane built by Sikorsky. The third motor, just installed on the flying boat, chiefly as a lifting device, fulfilled its part admirably.

It is proposed to fly tomorrow before representatives of the Aero club of America.

There seems to be no reason to doubt that the America will start on her trans-Atlantic flight before August 10.

## OPEN STATE RIFLE RANGE.

Peekskill, N. Y., July 27.—Practice by the state militiamen in the presence of many prominent military authorities marked the opening of the new rifle range here today. Adjoining the Peekskill camp, where the guardmen of the state militia have for years held their maneuvers, the range is ideally located. Owing to complaints of the residents of South Nyack and Grand View, the old range at Blauvelt was abandoned. It cost the state \$475,000, while the new one, authorized by the legislature during its recent session, was finished at an outlay of about \$18,000.

## GILLIAM HARVEST FULL SWING.

Arlington, Ore., July 25.—Harvest in Gilliam county is now in full swing. Every available man, every horse and piece of machinery is being crowded to the limit, taking advantage of the good weather and the abundant yield. There is now no question but the total yield will be the largest since 1907 and may even beat that, as the acreage is considered larger. In quality there is a large per cent of No. 1, but with some bleached or smutty fields, there will be a falling from this best condition. By tomorrow fully 75 per cent of all grain either will be in the stack or snuck, according to the machinery used. The use of combines is being somewhat discouraged while threshing from headers is meeting with favor as is shown by three new outfits coming into the county this year.

## STILL GROWING.

Washington, July 27.—The "biggest man in public life"—physically—received congratulations today upon his forty-third birthday anniversary—Senator Ollie James of Kentucky. He stands about six feet six, weighs over 300 and is one of the democratic leaders and most popular men in congress.

## Lefty Tyler

By A. M. Corrigan.

## Red McGhee says:

A pitcher for a cellar guard finds himself pretty doggone hard. The wins come far between. Take Lefty Tyler with the Braves—no matter how poor Lefty slaves his record won't stay clean. When Stallings grabbed that bunch last year and set out on his mad career to scare the topnotch guys, the southpaw's rating stood A. 1. He loomed up as the year's big gun in old league critics' eyes.

McGraw stepped in and tried to copy young Tyler in an even swap for Marquard in the Fall. But Stallings liked his kid too well. Old McGraw couldn't get a smell on any deal at all. Now Tyler hasn't drifted back—he's got his old time pitchin' knack, but loses top his wins. The Braves are simply on the frit. They don't come through with any hits to save the pitchers' skins.

That's right. You called it—Alibi. But don't forget that I'm the guy that's pushin' this here guff. Lefty ain't a talkin' here. He ain't the boy to sulk an' sneer an' shove this sort o' guff. He's pitchin' right along, this boy, an' workin' like a son o' Troy to get that of time break. He knows the Braves'll bridge their slump an' give those other teams a bump like Frisco's ol' earthquake.

## KILLED BY TEXAS RATTLESNAKE.

Roslyn, Wash., July 25.—While a big crowd attending the Potomac carnival here Thursday night filled the tent of Myrtle Wilson, aged 25 and billed as "The Strangest Woman Alive," she was bitten by a rattlesnake and died yesterday.

During the night her agony was intense, but death came without pain. The woman's husband witnessed the affair.

Mrs. Wilson had been a snake charmer several years. The snake was one of five which reached here from Texas yesterday.

He was taking his Summer vacation in the mountains. He was brought to Lebanon by his companions this afternoon and is in a serious condition.

## AMERICAN SURGEONS MEET IN LONDON

London, July 27.—Although America is admittedly far in advance of the rest of the world in the general science of caring the human body, 1500 eminent surgeons of the United States and Canada have come to London to learn some new things in which British members of the profession are said to excel. For the first time in history, the Clinical Congress of Surgeons of North America is meeting in a foreign country, having accepted the invitation of delegation of British surgeons at the Chicago convention last year to hold its fifth annual session in this city.

At the opening meeting tonight the delegates will be formally welcomed by Sir Rickman J. Goodlee, chairman of the London committee, and by United States Ambassador Page, and will listen to an address by the retiring president, Dr. George E. Brewer, of New York. During the next five days the visitors will be given opportunity of an intimate study of the latest British clinical methods at demonstrations to be conducted in the various London hospitals, of which there will be an average of 30 a day. General sessions will be held each evening at the Savoy and Cecil hotels, at which papers will be read and discussed by the foremost surgeons of both England and America.

## FARM LIFE COMMISSION.

College Station, Texas, July 27.—The Texas Farm Life commission held its annual meeting here today. The agricultural products of Texas farms are yearly the largest of any state, but home life conditions of the farms are admittedly discouraging and are the cause of the drift of the farmers' sons and daughters to the city. The Texas Farm Life commission was appointed by Governor Colquitt under an act of the legislature several years ago. The commission's studies of conditions and recommendations for improvement have been a factor in the current agitation for better marketing, cotton warehouses and state aid.

Washington, July 27.—Responding today to an invitation to attend the pure food convention in Boston next October, President Wilson said that it would be impossible for him to be present, because he "expected to be very busy in October."

This was interpreted as meaning that he intended to take the stump for certain democratic candidates. The president said that if congress adjourned September 21 he intended to take a rest for three weeks at Cornish, N. H.
